Come out and join CSHA Region 2 for our Trail Trials Clinic and T.R.A.P Ride.

Trail Trials is an obstacle course competition that tests the trail skills of horse and rider. Courses are several miles in length and reflect the diversity of California trials whether they are located on a ranch, public park, wilderness, beach, desert or urban setting. Obstacles are natural to their Region and are ones typically encountered while on a trail ride.

T.R.A.P (Trail Riders Reward Program) is a fun easy program that gives riders recognition and rewards for their time on the trails, and the ride information is used in substantiating trail usage which is especially important now when so many trails are in jeopardy.
